

## Required Documents for ITR compliances – FY 2024-25

### Description

## Introduction

As financial year gets ended in the month of March, preparation for Income Tax Return (ITR) filing gets started where department and taxpayers both have to work upon various aspects. Department generally releases ITR forms during May or June and taxpayers compile the documents and rush towards their CAs for ITR compliances. Indian income tax law is considered to be one the most complex tax laws in the world and it is obvious that many complications will be faced by taxpayers for such ITR filing compliances.

To avoid unnecessary hustle, we have simplified the document compilation process for the taxpayers which can be very useful during ITR compliances. Documentary requirements for various ITR forms are different. It is best to discuss the summary of transactions carried out during the financial year with your CAs or advisors and they will suggest a proper ITR form to be filed based on the transactions carried out during the previous year.

5. Invoice or Receipts for claiming any other deductions as per chapter VI of Income Tax Act, 1962

## Conclusion

It is very important to figure out the proper ITR form to be required to file based on the transaction and nature of the activities carried out during the previous year. CAs or Advisors are the best person who will guide to determine the proper ITR form which should be filed based on the information made available to them. It is important to note that wrong selection of ITR will cause significant challenges where wrongly filed ITR would be considered as Defective ITR under section 139(9) of the Income Tax Act, 1962 and notice of the same would be issued to the taxpayers. Moreover, ITR should be filed within due dates mentioned under section 139(1) of the Income Tax Act, 1962 to carry forward the losses from business or capital gains for future years.
